Subject:	Very Important Peruvian Certificate Update
Date:	10 May 2017 13:03:00
Attachments:	1. HEALTH CERTIFICATE FOR DAIRY PRODUCTS FOR HUMAN CONSUMPTION FOR EXPORT FROM THE REPUBLIC OF IRELAND TO PERU.pdf 2. Key Guide to Data Emtry for Health Certificate For Dairy Products For Human Comsumption For Export From The Republic of Ireland to Peru.pdf
Importance:	High

Dear Trader,

As you may be aware the Peruvian Authorities have published a new Health Certificate For Dairy Products For Human Consumption For Export From The Republic Of Ireland To Peru. This is the only Dairy Certificate that will be accepted by the Peruvian Authorities for product arriving in Peru on or after the 12th of May. This certificate should be completed for all new Peruvian consignments. In cases where product have not yet cleared Peruvian controls we may have to replace these old certificates on a case by case basis. Please contact us immediately at don.bailey@agriculture.gov.ie if you have consignments awaiting entry into Peru.

This new Peruvian certificate, Health Certificate For Dairy Products For Human Consumption For Export From The Republic Of Ireland To Peru, will be available to our Dairy Export System shortly. However, if you require this certificate prior to its upload please contact us directly at don.bailey@agriculture.gov.ie. This new certificate will be called ***Peru Veterinary Certificate*** on our system and you should complete the application in the normal fashion.

As a guide to completion we are providing a Key Guide to Data Entry for this particular certificate. We have attempted to mimic the application system and give each entry a sequential number on the guide provided. You should at the very least complete all the green and red highlighted areas while applying for a certificate. The yellow highlighted areas also if completed correctly should allow our Inspectors to complete his/her inspection without delay. As this is our first attempt at this type of guide your feedback would be appreciated and please accept errors and omissions excepted. Any feedback can be sent to don.bailey@agriculture.gov.ie.

At present, until this certificate is uploaded to our system we are only circulating this information to applicants that have recently sent product / made enquiries to Peru. We will circulate more extensively to the trade at a later date. In the meantime, if there are interested parties within your organisation please re-circulate.

Regards,
Don Bailey,
Milk Poliy Division (3C)
