The actual filing of the information can be done at the following link:

<http://ire.eciq.cn/>

Click on the uppermost link on the left hand side, i.e. under the picture of the globe and computer screen, it will bring you through to an “initial registration” option, which has very clear instructions in English and Chinese.

You will note that there is only space to identify one Chinese trade partner in the form. However, it has been confirmed with AQSIQ that each exporter can continue to have a number of different importers – you just need to identify your main importer on the form.
